# "My family"

There are five people in my family. I have one sister and a brother. I am the youngest in the family. Nearest family: I, parents, brother and sister. In the family, we spend most of our free time talking or watching a movie. Sometimes we have dinner together. The tradition of our family is to go to Šiluva every year. I respect, appreciate and enjoy my family.

### My family

There are 5 people in my family. I have one sister and one brother, mom and dad. I'm the middle child: my sister is three years younger and brother eight years older. I see my brother one time in month because he lives in another city. When we meet we play football or volleyball. I try to spend time as much as I can with my family. We play table games, watch movies on the weekends or when there is nice wheater we riding a bike. I love my family and spend time together.

There are seven people in my family: mom, dad, brother, three sisters and me. I'm middle child. My brother and sister are older than me and I'm older than my two other sisters. Sometimes we play with cards. We're immediate, but I have a lot of cousins, aunts and uncles, grandma and grandpa. We all tend to gather together on holidays.

#### My extended family

There are 7 people in my extended family. I have one sister, who is four years older than I. I have aunt, uncle and grandma. My relationship with my family is very good. Together we play games, travel, celebrate birthdays, other holidays. I love my family.

#### Rags (Žagarėliai)

- 450g of Sour cream
- 2 Egg
- 1 handful of flour
- 0.5 of sugar
- Oil for frying 500 ml

Beat the eggs with the sugar. Add the flour.

Mix everything, knead the dough, which should not climb on the hands, should roll easily.

It is very good if you keep the dough in the fridge for a while, but it is not necessary.

Roll out the dough, cut the leaves into a rectangular shape, make a cut in the middle of each, pass one edge through that hole - it becomes like a ribbon.

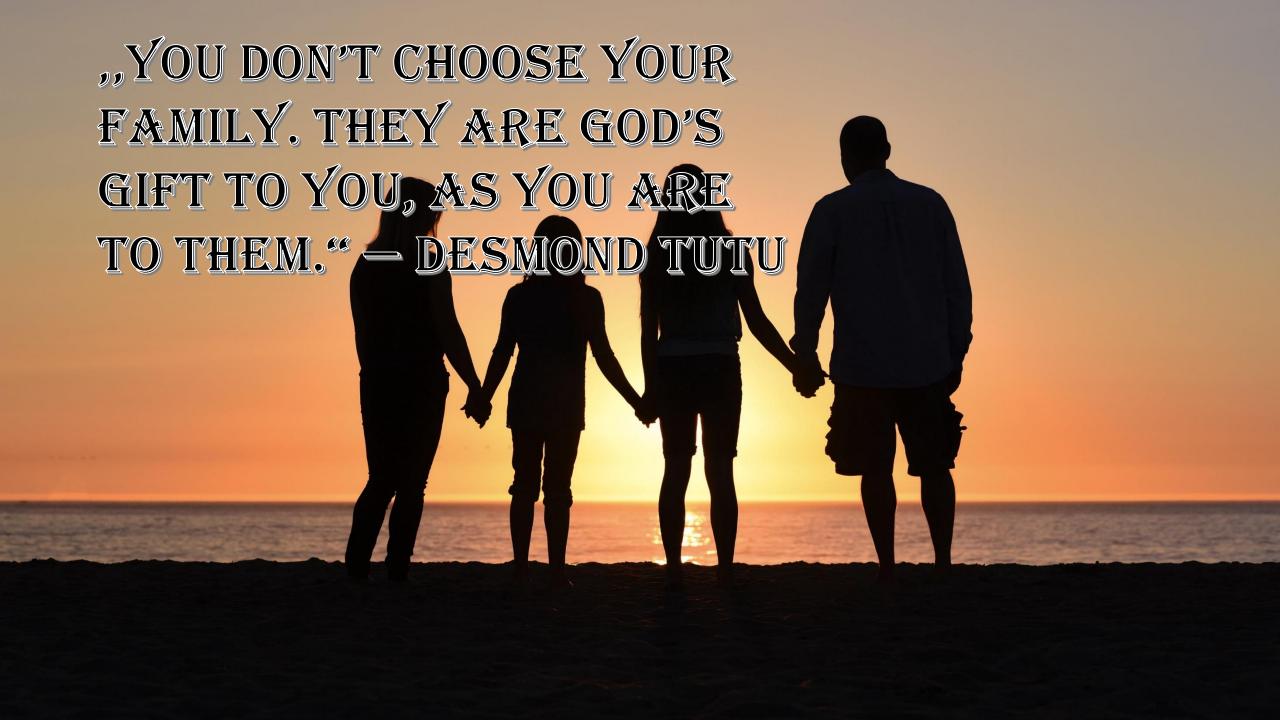

Fry in heated oil over low heat until yellow. This requires baking on two sides. Sprinkle with powdered sugar even on hot donuts placed in a bowl.

P.S. I would recommend rolling the leaves thicker, because after rolling out thin - baked donuts will be very hard, dry ...

Thought i'd drop you a line about my trip to Ryga with my family. We had a fantastic time. Ryga was a leastiful city. The people were very friendly.
